Advisor Report

- LMCAS meeting January 24, 2022, between 1-3
 Purchased 80 turkey baskets with all 80 being claimed.
 The turkeys and chicken that have not been claimed will go out to late pickups or people that want one by the last day.
 The last meeting for this semester is next meeting.
 Teresea is grateful and proud of this board because it's the biggest it has been in a long time.
 Lastly special thanks to those who have been supporting the Office of Student Life as well as those who have been completing their office hours.

Committee Reports:

- Curriculum Committee: Not much to report from the curriculum committee due to Armon not having his document for the committee meeting
- Planning committee: Looking at all registrations and finding that many students are returning back to the classrooms and are wanting to put more into in-person learning for that reason
- VP Bui LMC Foundation: The Brentwood center is still under repair. They are thinking they will continue repairs through and past January when schooling starts. (Damage was bad with a pipe bursting at start of fall 2021 semester with electronic damage alongside that) Memorial for Richard Livingston on January 8th 2022. Vaccination rate at LMC is "High" with 60% of students being online only and 40% being hybrid or full in person. They will be using an app to track Vaccinations and health assessments for next semester. Women's Community League at LMC wanting to connect with students and wanting to build future scholarships for future athletes.
- Safety Committee: Talks of 5 injuries happening on campus with 2 happening in Brentwood and 3 here in Pittsburg. There are no hazards or trends they have seen with the injuries with an application being in the works for all visitors having to take an online

health assessment (might need to show proof of vaccination or Covid assessment before coming onto campus) for spring 2022. They will have stations set up around campus for people to take health assessments before being on campus. So far there have been no booster shot requirements. Planning to re-key (change all locks) on Pittsburg Campus. Did an employee survey review and found that 62% say that there is adequate parking (?) Also 62% agree that elevators are necessary for the campus. Some comments include: "Lighting and elevator issues are an issue" "Some faculty and staff felt unsafe due to the dim lights around campus at night". There hasn't been much information surrounding the "escort service" though LMC says they are continuing it and they have been asked to expand their outreach surrounding the service.

- API Advisory Council: Talked about a few things but there isn't much. Thinking of establishing an API center similar to Umoja and Puente. Wanting more people of API to be hired as staff members for inclusion and representation.
