Internships for Students

What is an Internship?

An internship is a supervised pre-professional learning experience for a limited period of time, in which students:

- Apply skills and knowledge
- Gain exposure
- Test drive career
- Foot in the door
- Build professional references

Learning Aligned Employment Program (LAEP)

The Learning Aligned Employment Program (LAEP) is funded by the California Student Aid Commission and provides eligible underrepresented college and university students with the opportunity to earn money to help defray their educational costs, while gaining education aligned, career related experience. LAEP allows a participating student to conduct research that relates to the student's area of study, career objectives, or the exploration of career objectives. LAEP is a form of financial aid and is included in a student's financial aid package. Students who participate in LAEP internships receive the funds in a paycheck as they earn them, based on hours worked.

Career Services

Career Services is here to help our students and alumni reach their career goals. We offer a variety of services, including career counseling, career exploration, assistance with job and internship search, resume and cover letter, and interviewing.

For more information please visit: <https://www.losmedanos.edu/student-services/career/>

Earn College Units for Your Internship

Los Medanos College offers students Internship Courses that are structured to ensure you get the most out of your internship.

In the internship course you will be:

- Connected to an instructor in your field of study
- Mentorship and guidance through your internship
- Gain up to 4 college units per semester for your internship
- You do not attend a class, your internship is the class!
- It is the responsibility of the student to secure their own internship placement.

For more information please visit: <https://www.losmedanos.edu/cwee/>

To register for an internship course, contact Cynthia Perez-Nicholas at cperez@losmedanos.edu
