Helping students achieve their educational goal

REINSTATEMENT WORKSHOPS

These **2.5-hour workshops** are designed to help students who have been dismissed and would like to petition for reinstatement. Attending one of the workshops below will help you navigate the reinstatement process and is one of the steps required before returning to school. Starting fall 2014, the Office of the California Community College Chancellor has stipulated that Probation II and Dismissal students will no longer be eligible for priority registration. This is another strong reason to make every effort to improve your academic standing now.
