Annual Review

This section should be completed by all CTE TOP-coded programs.
Review the Core Indicator data from the Data Repository and complete this page.

Deadline:

Core Indicators: 2014-15

[Print...](#)

CI #	State %	Prog %	Action Steps for Improvement
1	89.29	94.44	Above State Target
2	77.47	65.00	Many students complete the ETEC courses but still lack academic courses to earn the certificate. Once they have the skills they get jobs and come back at night to complete the missing courses. New classes are being counseled to complete the academic courses as scheduled. Employers are also being asked to not hire until the certificate is earned.
3	83.54	72.64	Many ETEC students continue the program for the 5th semester and some wait until ETEC courses are complete before completing the Math, Physics and Chemistry courses required. New classes are being counseled to take the academic courses as scheduled and apply for graduation as soon as they qualify. Many also get a job as soon as they acquire the skills.
4	74.91	91.18	Above state target

Core Indicators: 2013-14
