TECHNOLOGY ADVISORY GROUP (TAG)
Report to SGC on April 13, 2011

CHARGE #1: Complete a Macintosh Users Plan and research the need for Mac support.

- Was the charge completed? If so, when?
- What are the benefits to LMC of completing the charge?
- What data was collected to complete this charge?
- What is the suggested replacement charge for this committee?
- If not completed, what are the barriers/needs to complete? Estimated time/date of completion?

CHARGE #2: Review instructional software purchase processes, customer service and lab imaging.

- Was the charge completed? If so, when?
- What are the benefits to LMC of completing the charge?
- What data was collected to complete this charge?
- What is the suggested replacement charge for this committee?
- If not completed, what are the barriers/needs to complete? Estimated time/date of completion?

CHARGE #3: Review WiFi coverage.

- Was the charge completed? If so, when?
- What are the benefits to LMC of completing the charge?
- What data was collected to complete this charge?
- What is the suggested replacement charge for this committee?
- If not completed, what are the barriers/needs to complete? Estimated time/date of completion?

CHARGE #4: Review the Technology Plan with the campus community and determine what elements of the Tech Plan need attention.

- Was the charge completed? If so, when?
- What are the benefits to LMC of completing the charge?
- What data was collected to complete this charge?
- What is the suggested replacement charge for this committee?
- If not completed, what are the barriers/needs to complete? Estimated time/date of completion?

GENERAL QUESTIONS
- Has the committee done a self-evaluation?
- If so, provide a short paragraph summarizing the results of the evaluation.
- Does the current committee structure function efficiently?
- What other results/recommendations does the committee have?
