40 - 44 Units of General Education

0 units of elective courses needed to meet the 60 transferrable unit requirement

¹ CHDEV 83 is a prerequisite course but may be waived if you have at least 6 months experience in an early childhood setting.

² These courses are recommended for CHDEV majors.

³ Math 120 fulfills the B4 Math requirement for CSU General Education.

⁴ These courses satisfy the major and GE requirements, but do not double count for total units as Group A and B courses fulfill D requirements.

⁵ Group A & B courses satisfy 2 of the area D requirements, but the units do not double count.

⁶ This course (CHDEV 50) satisfies one course in Area D.

*Math 120 is the preferred course selection if you want to work in the early childhood field or receive a multiple subject teaching credential. The prerequisite math course for Math 120 is **Math 29 or Math 30**, not Math 27. Math 120 does not fulfill IGETC math requirements but it does transfer to a UC. For those students planning to transfer into a Psychology or Sociology program Math 34 is a better choice.
