Part 2: Student & Employee Services

Do you feel that LMC services adequately address the diverse needs and backgrounds of our population?

What improvements or additional services would you like to see offered by LMC?

18 responses

Housing

Maintain and expand current online student service offerings.

I'd like to see ALL services focused on all student diversities and not just focus on one.

A fully-staffed, permanent student technology help desk.

Custodial, B&G & maintenance have break room space and access to technology

Space for most vulnerable population of students - foster students

Accessible lactation room for students, the reflection room

I'd like to see LMC regain it's heart that it once had 15 or so years ago. It just seems that decisions are not being made to best serve the community.

A reflection room at the center

What improvements or additional services would you like to see offered by LMC?

18 responses

More face to face classes, all gender restrooms on every floor of every building, lactation room accessible to students at brentwood campus, reflection space at Brentwood campus

Face to face Mental health counseling

More lifelong learning pathways

Evacuation route maps at brentwood

Friendly environment for student parents and their kids.

More voc tech. and makerspace labs.

Student housing

Center for academic support at brentwood

More dsps services available.

What future services would you like to see supported by this facilities plan?

Need to update campus maps and signage to reflect better where things are (cafeteria, bookstore)

Lack of signage regarding department hours

Website, finding the right offices, bad wifi

What are the challenges or obstacles when trying to access services on Campus?

11 responses

Broken elevators, bad wifi, campus hard to get to without transportation

Location and hours of operation.

How does technology support physical spaces and the service you provide?

7 responses

Wifi at Brentwood need major improvements. Our students do not get any connection

technology could be upgraded, sometimes internet doesn't work

Cell phones reception is awful

Increase access to technology at work for all

My department can't provide any services without campus technology

Crucial that technology work and be what we need, not what is cheaper for the district

Internet connectivity is key!

What is needed to support more students returning to campus for student services?

9 responses

more staff

Welcome center at the Brentwood Center

More space for staff

More activities and gatherings with students and employees

having faculty willing to teach on campus so the students can come back

Having faculty return to campus

More drop-in counseling and appts available at Brentwood

More outreach, campus community events and f2f classes

More faculty on campus.

We could use food services at
brentwood

How could the Pittsburg Campus be improved to enhance student and/or employee success?

8 responses

College Complex Building provide more windows and light through.

the elevator in the quad needs more signage to it- most of the time people don't know it's there

Core building needs to be torn down and new building for those offices and classrooms

need storage so I do not feel like I work from the storage room

College complex updated to be more welcoming and open.

1st floor of college complex dark and creepy

Fully staff student service departments.

Revitalize the old original college complex so it is modernized for better access and feels more safe.
