5.	Presentation: LMC/CS Apparel Resolution in Support of AAPI Community	<u>LMC/CS Apparel – Marques McCoy and Andrew Murphy:</u> At the last CS meeting, the CS approved LMC/CS Apparel expenditures not to exceed \$5,000.00. In addition, to the approved apparel purchases we can also purchase face masks and hand sanitizers. There will be some carryover of these products as we only need 150 of each however, the minimum order for face masks is 250 and for the lanyards and hand sanitizers the minimum order is 500. Andrew needs the sizes for the apparel no later than April 19 th in order to purchase them in time for JobLinks in June. The face masks, lanyards and hand sanitizers are not as challenging to order, as no sizes are required so we can order those now. It is noted that the hand sanitizers are currently on back order. <u>Resolution in Support of AAPI Community – Catt Wood:</u> Catt Wood reported that the CS Resolution Writing Committee met for the second time last Thursday. The committee is currently reviewing similar resolutions and drawing inspiration from these samples. The resolution is currently in draft mode; updates will be provided as progress is made.

Communications will be forthcoming as to what inspections are being done and a timeline for the completion of the necessary work to prepare for returning to campus. It is noted that advance notice should be provided as to when we will be returning to campus. There needs to be some assurances that procedures and protocols are understood and followed. At this point, we are unsure as to what precautions are in place and what is forthcoming. Chancellor Reece was the guest speaker at the Classified Senate Day at LMC last week. There were some great questions

		<p>and discussions. In particular, Abigail Duldulao asked the Chancellor how the District plans to keep its employees and students safe not just from COVID-19 but from the recent acts of violence across the country. Currently, there is not many Police Services personnel on campus and due to the halt to parking permits we are unsure how we will be able to fund Police Services should more College personnel and students return to campus. At a District level, there are ongoing discussions with Police Services on the recent acts of violence. Given the current climate of our communities and nation, safety of employees and students is an issue. We need to know before we fully return to campus how will we be protected if there is minimal Police Services available.</p> <p>B. Shared Governance Council: Met on March 24th but there were no action items to report. The status of the ISLO Core Group was discussed. Strategic Enrollment Management: Discussing producing one-year course schedules, instead of semester schedules. Some issues have arisen with the one-year schedules, pertaining to COOR updates and prerequisite courses. This new schedule design would also change catalog deadlines. In the process of refining the tool for success, retention, and enrollment so the Deans can assign FTEFs to stop the continued roll-overs. There is one (1) seat still open for Classified Senate representation on SEM. This committee meets on the third Tuesday of every month.</p> <p>D. Safety Committee: Not met.</p> <p>E.
