

# MESA SPEAKER SERIES

## CAREERS IN STEM

### PRESENTS...

**Julio Loaiza, Ph.D.**  
Postharvest Physiologist & Research Scientist

**MONDAY, SEPT. 24, 2012**

**3:00 PM**

**Science 225**

Dr. Loaiza received his **BS degree** in **Biochemical Engineering** (Food Emphasis) in 1992 from the Universidad Autonoma de Sinaloa, Mexico.

He later received his **Ph.D.** in **Food Biochemistry**, Postharvest Physiology and Handling of Fruits and Vegetables, in 1999 from the University of California, Davis.

After earning his Ph.D., Dr. Loaiza went on to work and research with notable institutions and companies such as: Texas A&M University; Mann Packing, Inc.; True Leaf Farms, LLC.; and Pure Pacific Organics, LLC.

**Please join MESA as Dr. Loaiza shares his personal and inspiring journey through higher education with us.**

**We will see you there!**
