

Los Medanos College Student Ambassador Program Information & Application

Student Ambassadors

Becoming a Student Ambassador is a great opportunity to serve as a student leader at the college. It is preferred that students interested in becoming Student Ambassadors have been at LMC for more than a semester and have a good understanding of various programs and services available to students. Student Ambassadors will be required to work a year-long schedule and will receive a stipend each semester for their involvement. The required includes activities and trainings/meetings.

Qualifications:

- 2.75 LMC Cumulative GPA
- Enrolled in at least 6 units
- Completed a minimum of 6 units as an LMC student

Benefits:

Leadership skill-building; gain experience in problem solving, presentations, and communication; meet new people; attend exciting campus events; develop connections with college administrators, faculty, staff and students. Looks good on transfer applications and resumes!

Financial Incentive:

Student Ambassadors will receive a stipend of \$625 at the end of each semester for completing a minimum of 12 hours of Ambassador activities (not including trainings) each month.

Application Process

Because Student Ambassadors represent the college and require a high level of responsibility, all students interested in being a part of the Student Ambassador Program must submit a full application including:

- Application Form
- Typed Responses to Application Questions
- Resume
- Unofficial Transcript
- Time Management Sheet
- Reference Sheet/Letter

Please note that the summer may involve planning and orientations, so all applicants must be committed to working the entire year including the summer.

After your application has been received, finalist candidates will be called in for interviews and Student Ambassadors will be selected. The number of students hired will depend upon the available funding for the year.

Thank you for taking an interest in the Student Ambassador Program! We look forward to an exciting year
