Student Questionnaire

By answering the following questions as honestly and completely as possible, you will be providing us with important information about who you are as a student.

1. Puente works to create leadership in the classroom. This means that students are required to work with others as well as work independently. Briefly describe what kind of student you are.
2. This program recommends that students work no more than 20 hours per week. Do you work? If so, how many hours per week?
3. In addition, this program requires that students commit to outside activities. What other outside responsibilities do you have beyond a job or school? How many hours do you devote to those responsibilities?
4. Pursuing an education is filled with obstacles. A successful Puente student overcomes obstacles to achieve their goals. Describe an incident when you overcame an obstacle to complete a goal.
5. The Puente Program recruits highly motivated students with clear goals. Describe any goals that you plan to pursue as a Puente student at LMC.

Writing Ability

This task is meant to show us your ability to organize and communicate ideas in writing.

Instructions: Read the quotation and write your response to the two questions.

1. What does this quotation mean? 2. Apply this quotation to your experience in education by describing difficulties and breakthroughs that you have had in your schooling to date.
