		<p>suggested adding it as an agenda item since it takes 2 weeks to get these things approved.</p> <p>H. Priscilla Tatmon- Attended some events for Active Shooter Awareness Week. Liked the campus security involvement and got to learn more about their presence. Attended the open forum for the new Vice President candidates. Got to see 2 candidates out of 4. Suggested doing more things like this in the future so that we can have different opportunities to communicate with upper administration. Got to inform students about guided Pathways and how it affects students as a whole and President Bob elaborated on what Guided Pathways was. Believes candidates they chose are qualified. Christian Ortiz stated that the open forums are on Insite under VPSS Forums where there are 4 videos, if anyone wants to learn about the candidates.</p>
5	Advisor Report	<p>I. From Advisor Nguyen:</p> <p>A. Stated that if anyone is interested in joining other students voice their opinions about what Chancellor Eloy Oakley is doing for the state, they can let him know so that he can forward the names to the district. He is coming to CCC on 5/13/19 from 12:00pm-5:00pm. He will meet with students from 1:35pm-2:35pm. John will get back to senate by this week with more details by email.</p> <p>B. He is hiring for 2 positons for the Office of Student Life and the Food Pantry. The Student Life job will focus on planning and organizing events and the Food Pantry job focuses on helping students who are food insecure.</p>
6	Committee Reports	<p>A. Shagoofa Khan- Attended a Planning Committee meeting last Thursday, which focused on strategic planning for classified staff. They discussed a survey passed out in the fall, which showed that LMC was last for a lot of categories such as if students had a specific person assigned to them, which was irrelevant. LMC was grouped with all the other community colleges and all the universities. The survey was discussed, because the questions were so broad and not specific enough that students can actually answer to the best of their ability.</p>

		<p>They found the survey oddly formatted. They were talking about different goals that they are trying to set for the professors and goals for the next semester.</p> <p>B. Deborah- Attended the last Sustainability Committee meeting. Not many people showed. They discussed ideas for Earth Day week. They need someone to make music that lasts for 3 hours. Priscilla suggested Iheart Radio. Sierra suggested using Spotify. If they cannot make it happen, they will get people from the music department to perform. For activities, they plan to have a community service competition where someone who collects the most trash and recycles the most by the end of week will get a prize. They have been putting up motivational signs telling people to recycle, and plan to talk to President Bob about putting more signs.</p> <p>C. Ortiz- Attended Planning Committee meetings. Stated that the survey Shagoofa mentioned was taken with a grain of salt because it was only sent out 4 weeks into the semester, so the data could have come from other factors of students not necessarily integrating themselves all the way into LMC yet and it was done specifically in first-year level English and Math classes. Stated that they will use the numbers they got to improve the next four year plan for the college.</p> <p>D. Attended the GE Committee meeting. Went over how we implemented Guided Pathways into our GE, which ended up in a subcommittee to make a flex for the fall for faculty and staff and just generally opening up the topics.</p> <p>E. James Lee- Will be attending a Grade Appeal Hearing on 5/8/19.</p>
