Online Catalog

The screenshot displays the Los Medanos College 2023-2024 Online Catalog. The browser address bar shows the URL `lmc.elumenapp.com/catalog/archive/welcome#mainContent`. The page features a dark red header with the college logo and the text "2023 - 2024 Catalog". Below the header, a search bar is present with the placeholder text "Type text to search" and a "Search" button. To the left of the search bar, there are radio buttons for "Courses" (selected) and "Programs". A vertical navigation menu on the left side lists various links, including "About the College", "About the Catalog", "Phone Directory", "College Administration", "Getting Started Applying for Admission", "Fees and Exemptions", "What you need to know", "Academic Policies and Standards", "Student Laws And Policies", "Student Rights & Responsibilities", "Other Policies for Students", "Student Support Services", "Academic Support Services", "Other Services for Students", "College Transfer and Graduation Requirements", "Program Requirements, Courses and Program Student Learning Outcomes", and "Appendices". The main content area has a yellow background with the heading "Welcome to LMC". Below this, a section titled "Connecting LMC with Our Community:" includes a paragraph about the college's commitment to connecting students, community organizations, and businesses. A large video player shows a "Welcome to Los Medanos College" video with a "Watch on YouTube" button. At the bottom, two images of campus buildings are shown, labeled "PITTSBURG CAMPUS" and "BRENTWOOD CENTER", each with its address and phone number.

Fall 2023

Talking Points for New Institutional Metrics Website

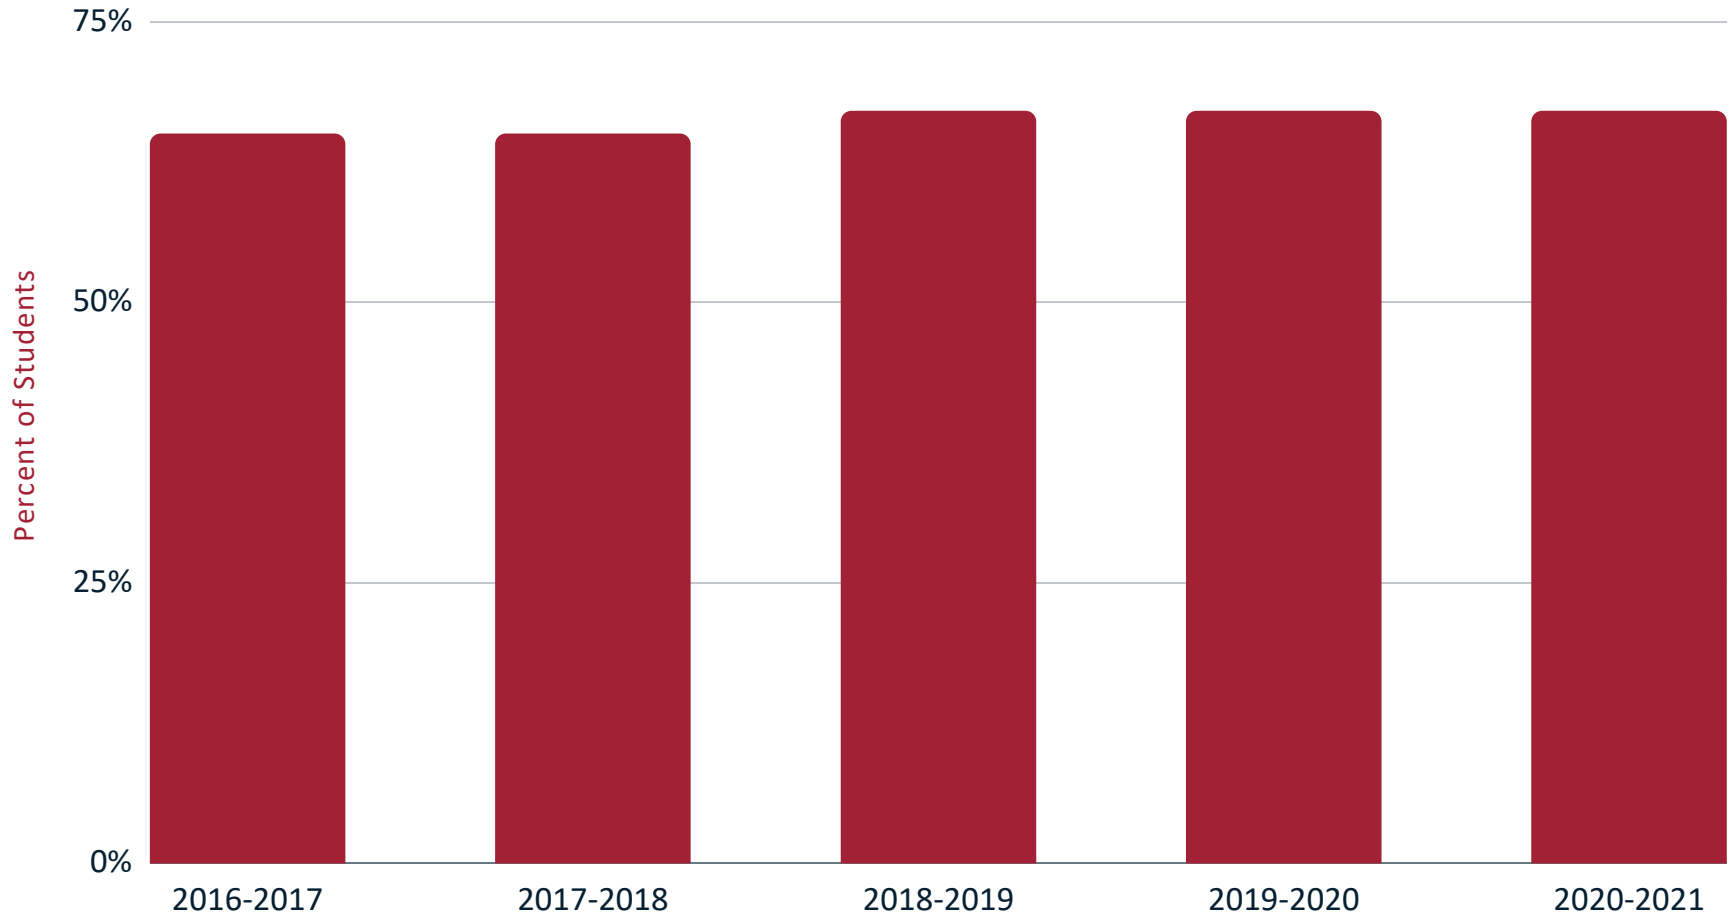

- The new Institutional Metrics website has been launched in order to help us as a college better align our Educational Master Plan activities to the metrics and goals of our Student Equity Plan, the Chancellor's Office Vision for Success, and the new Student Centered Funding Formula.
- The metrics on the site should be the primary metrics that all our initiatives and activities at the college seek to impact.
- For various points in our students' paths on their educational journey you can find several metrics that represent key "tipping points" in the pathway to success. For each you will see our past college data, disaggregated by ethnicity, and our college's goals for the metrics aligned to our student equity plan surrounding Black/African American student success.
- Please check out the site especially as you consider developing goals in each of your units and departments. www.losmedanos.edu/metrics

Talking Points for Online and On-Campus Student Data

- From Fall 2022 to Fall 2023 we are seeing a continued increase in the number and percentage of students who are taking at least one class on campus.
- This is a good sign as it is not only good for the campus environment, but our data shows that students who take at least one on-campus class both perform better in all their classes and have a 23% higher term-to-term persistence rate compared with students who take only fully online courses.
- Ryan will share more about this data at the all faculty meeting.

Overall First Term Persistence Rate by Year

Among first-time cohort students, the proportion who enrolled in the subsequent primary term after their first primary term of enrollment.

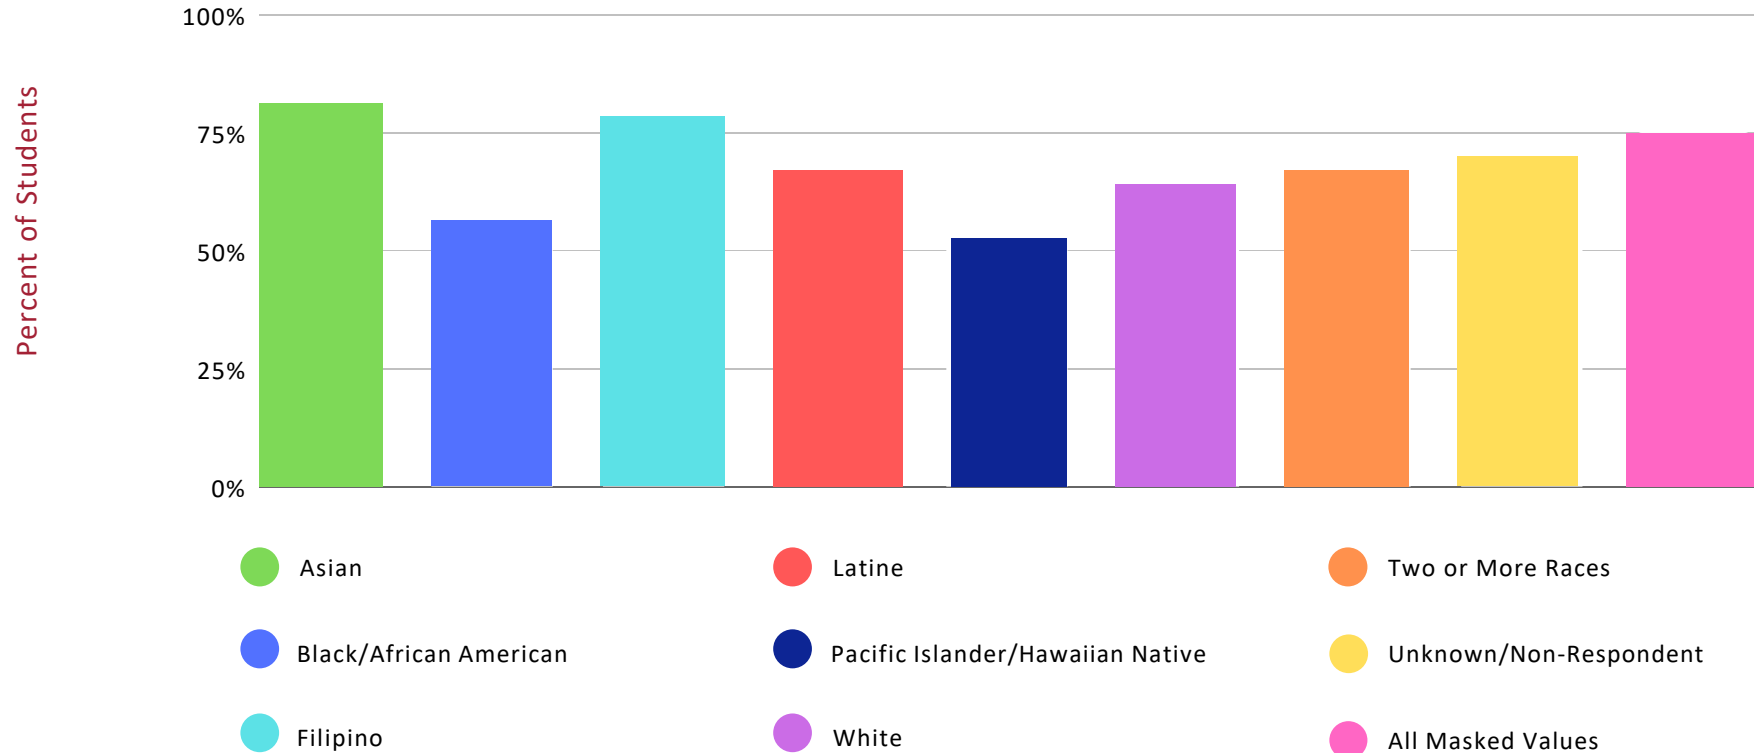

Date Generated: July 20, 2023

Data Source(s): Chancellor's Office Management Information System

Definition/Notes: Information is displayed for first-time students where the timeframe allowed to meet the outcome of the metric is complete.

2020-2021 First Term Persistence Rate by Ethnicity

Among first-time cohort students, the proportion who enrolled in the subsequent primary term after their first primary term of enrollment by Race/Ethnicity.

Date Generated: July 20, 2023

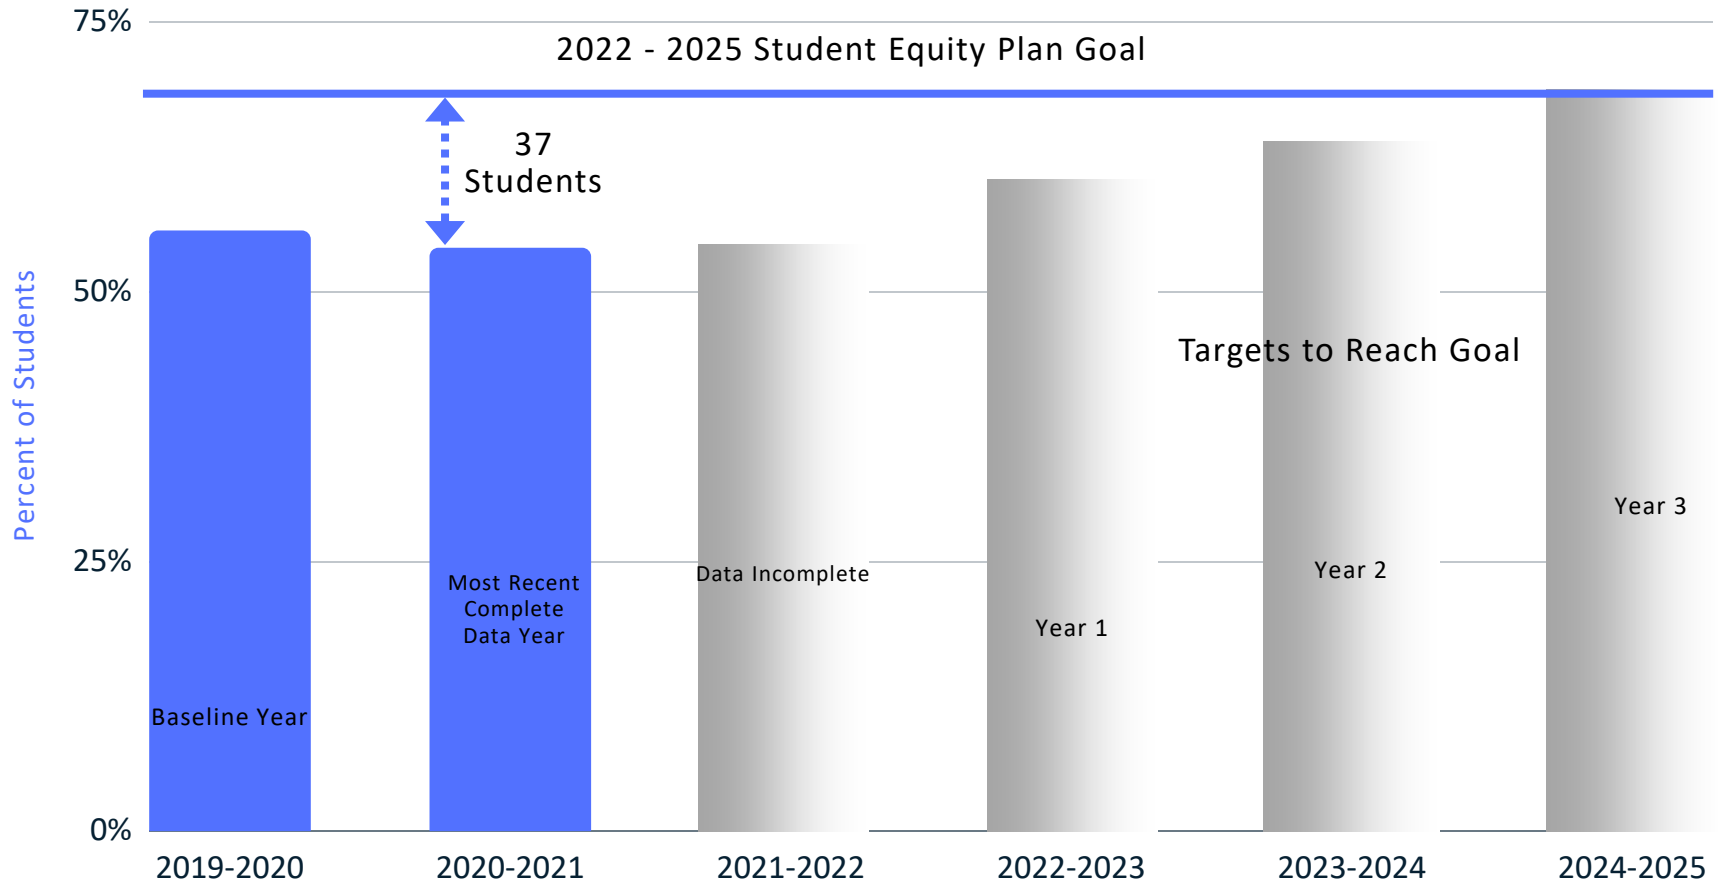

Data Source(s): Chancellor's Office Management Information System

Definition/Notes: Groups with fewer than ten people or missing information are summed together and displayed in the "All Masked Values" for Suppression and Complementary Suppression purposes in accordance with FERPA. Under Complementary Suppression circumstances, the "All Masked Values" bar may represent a larger group together with small groups with <10 students. "All Masked Values" in this chart includes subgroups: American Indian/Alaska Native, Pacific Islander or Hawaiian Native, and Multiple Values Reported.

Information is displayed for first-time students where the timeframe allowed to meet the outcome of the metric is complete.

First Term Persistence Rate - Black/African American Students

Among first-time cohort students who identify as Black/African American, the proportion who enrolled in the subsequent primary term after their first primary term of enrollment.

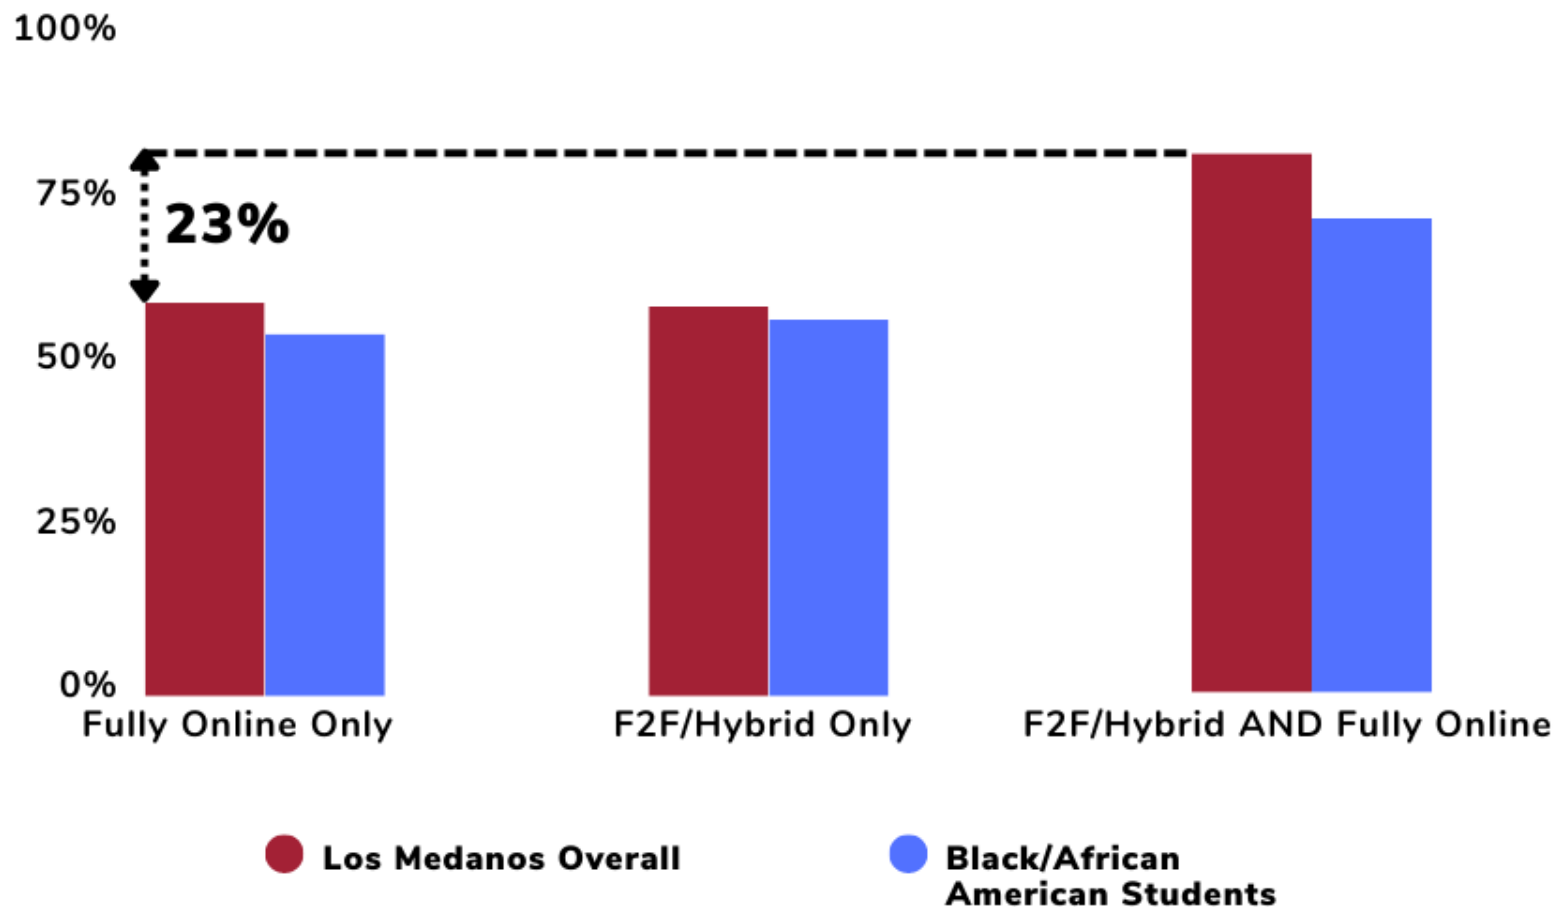

Date Generated: July 20, 2023

Data Source(s): Chancellor's Office Management Information System

Definition/Notes: Information is displayed for first-time students where the timeframe allowed to meet the outcome of the metric is complete.

Fall 2022 - Spring 2023 Persistence Rates

Date Generated: 8.11.23

Data Source(s): 4CD Enrollment Analysis Tableau with 4CD GCOM Student Lookup Tableau

Definition/Notes: Proportion of students enrolled in Fall 2022 who also enrolled in Spring 2023

Student Course Taking Patterns Fall 2022 versus Fall 2023

20%

Fall 2022

25%

Fall 2023

 **Fully Online Only**

 **Hybrid/Face-to-Face Only**

 **Hybrid/Face-to-Face and Fully Online**

Date Generated: 8.11.23

Data Source(s): 4CD Enrollment Analysis Tableau with 4CD GCOM Student Lookup Tableau

Definition/Notes: Hybrid/Face-to-Face includes any courses with some amount of scheduled time in person on campus regardless of the amount of time.
