Subject: College Assembly--October 23, 2023
Date: Friday, October 20, 2023 8:51:08 AM

Dear Campus Community,

Happy Friday! At our upcoming College Assembly on Monday, October 23rd, we will continue learning about the LMC student experience and how we can create a greater sense of belonging for our campus community through the diversity, equity, inclusion, and belonging efforts. Building on the student panel we heard from at Opening Day, this session will focus on the “Entry” touchpoint of the [Loss/Momentum Framework](#).

Join us for a fun and interactive conversation with students and each other. Hear from a panel of students. Learn from campus partners about some of the new Equity & Inclusion, Student Equity Plan, and Professional Development initiatives, activities and resources happening this year. Identify places where you can get involved. Your input will also help to inform our plan for professional development activities, student programming, and areas for collaboration.

We encourage in-person attendance for an engaging experience. A Zoom option will be available for Brentwood and if needed to listen/observe remotely.

In partnership,
Pamela
