Asian, Pacific Islander, & Desi American

*"At Los Medanos College (LMC), we celebrate the current and historical contributions and traditions that Asian, Pacific Islander, and Desi American communities have played in our region, state, and nation. LMC fosters a diverse and inclusive environment that enhances cultural understanding and mutual respect among students and staff. The faculty, classified professional, administrator, and faculty perspectives and contributions that emerge from our richly diverse APIDA communities serve to strengthen our college and community as a whole."*

*- Pamela Ralston, Ph.D., President of Los Medanos College*
