LOS MEDANOS COLLEGE

Thank you for applying to Los Medanos College. Applications are exported to LMC several times each day. Once your application has been processed, LMC will send a welcome e-mail with login information for their online services. The email will also contain your registration appointment date and other important information.

NOTE: Some applications are delayed if duplicate student records are found in LMC's records system. These applications are manually processed several times throughout each weekday. Applications requiring duplicate resolution that are submitted after 5:00 PM on Friday will be processed Monday at 9:00 AM. LMC is pleased to be able to provide e-mail accounts to all students through a partnership between the Contra Costa Community College District and Microsoft. The college-provided e-mail is called InSite Mail. All College communications will be sent to your InSite Mail address. This includes registration notices, Financial Aid information and other time sensitive messages that may be important to your studies. More information about InSite Mail, including instructions on how to access your mailbox and how you can forward it to your personal address, will be sent after your application is processed. Please visit the college website at www.losmedanos.edu for information on steps you can take to prepare for course enrollment. These steps include new student orientation, assessment testing for placement into English and Math courses, and advisement in planning your major.
