Building an English Schedule Activity	Everyone	
Next Steps		

Activity Instructions

Break into groups of 3-4. Your goal is to estimate course demand and FTEF needs to build a one or two-year schedule for the English Department. Develop and document your methodology (process and rationale). Your methodology must be transferable to other departments. You may request data elements from us. Please take note of any data needs that we are not able to provide. You have 40 minutes.
