

Dear LMC Community,

Applications are now being accepted for an [IMPACT Equity Grant](#) to support the specific goals of LMC's Student Equity Plan. These monies support the specific goals of [LMC's Student Equity Plan](#), leading to equitable student engagement, access, learning and success.

IMPACT Equity Grant (up to \$5,000)

LMC's Student Equity Plan has dedicated funds to support innovative, engaging projects that promote community, inclusion, and celebrate the diversity that is the fabric of the populations we serve. Thanks to funding from the State of California, Los Medanos College has been allocated a significant budget for programs and projects that support the specific goals of the Student Equity Plan not addressed by the annual college budget. These mini-grants are available to faculty, staff, students and managers of the college. Grants may support work by individuals, groups, departments or collaborations.

Equity Professional Development Mini-Grant (up to \$2,500)

LMC's Student Equity Plan has dedicated funds through Professional Development to support innovative, engaging programming, trainings and/or workshops that provide impact in the way we serve our students and campus community. These grants are designed to provide professional development that leads to a change in practice and/or culture that is specific to the Student Equity Plan goals in concert with the needs of your program/department staff.

**Note this is a different process than [PDAC Conference](#) and [PDAC Mini Grant](#) funding forms.*
