

UC Irvine Fall 2026 Honors to Honors

Why Honors to Honors?

Honors to Honors students in UC Irvine's **Campuswide Honors Collegium (CHC)** benefit from stimulating honors courses, mentorship by top faculty, resume-building research, a supportive and diverse student community, personal academic guidance, priority registration, and close collaboration with peers from all walks of life and majors throughout campus. Honors to Honors students are required to take one CHC class in their first year at UC Irvine, and all CHC students engage in research which is written up as an honors thesis, usually during their final year.

Students also receive consideration for merit-based scholarships.

Honors to Honors does not guarantee admission to UC Irvine. If you are interested in an admissions guarantee, see the TAG information below. Excluded majors from Honors to Honors include those that require an audition or portfolio and those majors that are not open to transfer applicants (Art, Music, Dance, Nursing).
