Subject: Fw: Faculty for Upcoming Hiring Committees-BRT & PITT

Hi, Abbey. I am interested in being on the hiring committee for Academic Student Services Manager (or, as a second choice, Interim Dean of Counseling and Student Support).

I have been full-time English faculty for 20 years. I have been faculty lead at the Center for Academic Support, chair of the English department, and chair of the GE Committee. Years ago, I was a Reading and Writing Consultant at the Center for Academic Support. I have been on hiring committees for faculty a number of times. I am currently Composition Coordinator in the English department. Part of this job is coordinating embedded tutoring in English C1000/C1000E classes, a program we hope to grow. Because the Reading and Writing Consultants, as well as peer tutors, are so important to English composition, I think an English faculty member should participate.

If it makes more sense for Jill to be on this committee, I am fine with that. 😊

Thanks!
Alex
