Subject: Re: Senate Representation

Hi Morgan,

Thanks for the reminder. I am happy to serve starting in Spring 2027 since I am pretty swamped for the rest of the fall. See very brief statement of "interest" below ;-)

Cindy

Since there has been a vacancy in at-large representation on the Academic Senate, I am happy to fill the void starting in Spring 2027. But I am also willing to withdraw should someone else like to serve in that capacity. I have been a member of the Academic Senate off-and-on since Fall 1988, as well as GE and TLC chair, and have held several re-assigned time positions around assessment.
