Subject: Re: Academic Senate Representation?

Thanks, Adrianna!

Here's my brief statement:

I am a tenure-track nursing faculty member and previously served as the Associate Dean of Nursing and Allied Health and Director of the RN and VN Programs. In my current faculty role, I also serve as a mentor to nursing faculty and program leadership, drawing upon my experience in both academic administration and nursing education. I am honored to co-represent the Public Safety area in the Academic Senate. I value shared governance, collaboration, and ensuring that faculty voices and the unique needs of our disciplines are meaningfully represented in college-wide discussions and decision-making. I look forward to working alongside my colleagues and contributing to the important work of the Academic Senate through Spring 2028.
See you all on Monday!

Thank you and have a safe and wonderful day!
