Subject: Nomination for Chair of AI Task Team
Date: Tuesday, October 22, 2024 11:31:58 AM

Dear Academic Senate Council,

I would like to serve as Chair of the AI Task Team. I am a member of this team, and I am invested in fulfilling the charges given to us by Academic Senate.

My goal this year is to add AI literacy into the Library curriculum, and I am already spending time doing research. This team will provide important information and recommendations on the artificial intelligence technologies that are already having an impact across LMC's curriculum and programs.

Thank you,
Roseann Erwin
Librarian
