

Interest statement regarding Interim CTE Dean interview

I am interested in serving on the interview panel for the Interim CTE Dean position because I am deeply committed to the success and growth of Career Technical Education at Los Medanos College. As a fourth-year CTE faculty member, I understand the unique needs, challenges, and opportunities within our programs, and I recognize the importance of strong, collaborative leadership in supporting both students and instructors.

I am currently pursuing a bachelor's degree in Career Technical Education at Sacramento State University, where my studies have further strengthened my belief in the transformative impact CTE programs have on students' lives and career opportunities. I value the opportunity to contribute a faculty perspective to the selection process and help ensure that the next Interim Dean continues to advance equitable student success, program innovation, and industry partnerships across all CTE disciplines.
