

Letter of Interest: Curriculum Committee

To: Academic Senate and Curriculum Committee

My name is Alexa Moore, this is my second year as a full-time faculty member in the Child Development department at LMC. I am writing this letter to express my interest in joining the Curriculum Committee as a Health and Behavioral Sciences representative.

I come to LMC with eight years' experience as an adjunct instructor and a background in Early Childhood and Workforce Development for the San Mateo Community College District supporting students in various roles.

I am interested in joining the Curriculum Committee as I have some experience with serving on a committee as well as using software to update COOR revisions/changes and move through the process of getting those passed through a curriculum committee at Skyline College. I was also a part of the Comprehensive Program Review committed for two years and Academic Senate for one year representing CTE faculty at Skyline College.

I have a lot to learn about LMC and the inner workings, which I am very excited to be involved with many different areas on campus, but I think this is a great place to start. I hope that joining the Curriculum Committee will help me grow and become more connected to LMC.

Thank you for your time and consideration.

Sincerely,  
Alexa Moore
