

What should the LMC Academic Senate discuss and approve?

New \*Interdisciplinary Academic Programs (Where required courses would be offered in different departments. That would include Guided Pathways now, and would have included Honors and MESA in the old days, etc)

New \*Non-interdisciplinary Academic Programs (where all required courses are within a single discipline)

New Academic Departments (Example: Creating an Ethnic Studies Department at LMC)

New State Approved LMC Certificates

New Local Certificates (especially non-interdisciplinary)

New AST's

Program revitalization and Discontinuance

Recommendations from Senate committees/task forces

Recommendations on changes to LMC GE or CSU/UC transfer requirements

Recommendation on changes to LMC Graduation requirements

Recommending changes to academic assessment process (CSLO's, PSLO's, GESLO's ISLO's etc)

GE/Teaching and Learning

Recommending changes to academic assessment process (CSLO's, PSLO's, GESLO's ISLO's etc)

Current Curriculum Committee and Departmental Purview:

New LMC Courses (Curriculum Committee and Departments)

LMC Course Prerequisites (Curriculum Committee and Departments)

Course Disciplines List (Departments mostly)

Course Placement in the transfer/graduation scheme (CC and departments)

Current SGC:

College budgeting and finances (including RAP proposal ranking)

Charges to, and recommendations from, Shared Governance Committees

Major non-Academic college initiatives and new or changing Student

Service programs  
Guided Pathways via the SEM committee

\*Interdisciplinary means that at least some courses and/or course prerequisites are in two or more different academic departments on campus

\*Non-Interdisciplinary means that all courses and/or course pre-requisites are in the same academic department
