

Which of the Following Should the LMC Academic Senate Discuss and Approve?

New *Interdisciplinary Academic Programs (Where required courses would be offered in different departments. (That would include Guided Pathways now, and would have included Honors and MESA in the old days, etc.)

New *Non-interdisciplinary Academic Programs (Where all required courses are within a single discipline)

Program/Department Revitalization and Discontinuance Procedure

New Academic Departments (Example: Creating an Ethnic Studies Department at LMC)

Discontinuance of Existing LMC Academic Programs or Departments

New State Approved LMC Certificates

New Local Certificates (Especially non-interdisciplinary)

New ADT's or AST's

Recommendations from Senate committees/task forces

Recommendations on changes to LMC GE or CSU/UC transfer requirements & implementation of state mandated changes to transfer requirements

Recommendations on changes to LMC Graduation requirements

Recommendations on changes to Academic Assessment Process (CSLO's, PSLO's, GESLO's ISLO's etc)

Recommendations on changes to Program / Department / EMP Review Processes

Non-credit LMC Certificates

Current GE/Teaching and Learning Committee

Purview:

Recommending changes to academic assessment process (CSLO's, PSLO's, GESLO's ISLO's etc)

Current Curriculum Committee and Departmental

Purview:

New LMC Courses (Curriculum Committee and Departments)

LMC Course Prerequisites (Curriculum Committee and Departments)

Course Disciplines List (Departments mostly)

Course Placement in the transfer/graduation scheme (CC and departments)

Local Certificates that are Not State Approved

Current SGC Purview:

College budgeting and finances (including RAP proposal ranking)

Charges to, and recommendations from, Shared Governance Committees

Major non-Academic college initiatives and new or changing Student Service programs

Guided Pathways via the SEM committee

Program Review via the Planning committee

*Interdisciplinary means that at least some courses and/or course prerequisites are in two or more different academic departments on campus

*Non-Interdisciplinary means that all courses and/or course pre-requisites are in the same academic department
