

# Sustainability Committee

## Our Charges

- Research effective practices of sustainability which are replicable at LMC
- Develop, implement and assess sustainability activities on campus
- Effectively inform students and staff about campus sustainability activities in which they can participate.

## Our Goals for 2020-2021

- Increase information to the college population about recycling and Sustainability.
- Increasing bottle filling stations on campus.
- Work to get faculty to encourage students in sustainability as a part of curriculum.
- Install signage in pick up and drop off areas to encourage motorist to limit idle time and reduce emissions.
