Instructional Units Program Review Year Five Update

1. Program Update: Version by Zuniga, Luis on 02/01/2022 00:56

1a. Provide any important changes or updates within your program since your Program Review Year Three Update (2019-20). (New degrees, new curriculum, staffing changes,

- In the summer of 2019, Mr. Aaron Nakaji was hired as our full-time permanent music lab coordinator
- At the end of the 2021 2022 academic year, Dr. Mike Zilber will retire from teaching.
- Due to extremely low enrollment in the music department, we have no longe hired five of our long term adjunct faculty.
- 1b. Please address the following enrollment data provided for your program.
- 1.b.1. What are the enrollment trends over the past 3 years, beginning with Fall 2018? (Please address census enrollment, census fill rate, and productivity (FTES/FTEF)

The only trend that we can see for the last 3 years, is that enrollment in the music department courses continues dropping at an alarming rate. A large number of music specific courses continue to be canceled and there seems to not be any direction regarding the growth of the program. The GE courses continue to be the strong portion of the FTES and FTEF.

- 1b. Please address the following enrollment data provided for your program.
 - 1.b.2. What does the data suggest in terms of future needs/directions?

While having no experience with data analysis, I can see that the direction indicates that at some point, this department will stop offering courses for music majors and will focus on teaching GE courses exclusively

1c. Provide a brief update on the timeline for your program's goals as listed in your Program Review Year Three Update (2019-2020). If your program's goals are in progress or modified, please include action steps and responsible parties in your explanation.

These goals have not been discuss/address in any department meetings in the last six years.
