

Q1 What do you consider to be Los Medanos College's most valuable strengths? (select your top five responses)

Answered: 426 Skipped: 1

Los Medanos College SOAR Survey Spring 2020

ANSWER CHOICES	RESPONSES	
a great variety of programs and services	74.41%	317
transfer resources	57.04%	243
strong connections between faculty and students	53.29%	227
courses that are offered at different locations (e.g., Brentwood Center, Pittsburg Campus, local high schools)	50.47%	215
a focus on careers and career and technical education opportunities	49.53%	211
collaborative faculty and staff	46.71%	199
opportunities for high school students to complete college courses while attending high school (aka "dual enrollment")	37.09%	158
facilities that create a "college-going" atmosphere	29.81%	127
Adult Education opportunities	24.18%	103
partnerships with local high schools	22.30%	95
Total Respondents: 426		

Los Medanos College SOAR Survey Spring 2020

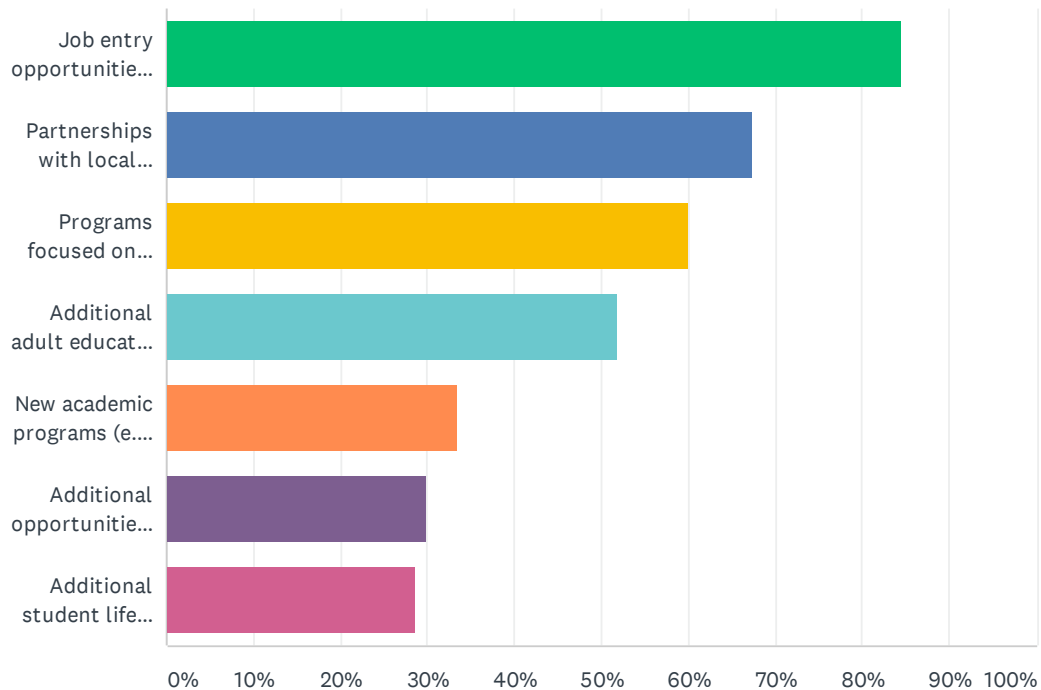

#	YOUR COMMENTS/IDEAS:	DATE
1	I like that I can take a class with my child whether or not I'm qualified to, ie... prerequisites.	2/4/2020 9:35 AM
2	I haven't gone to LMC long enough to know.	2/2/2020 12:50 PM
3	Great teachers but I felt frustrated that I was not able to attend a class because I was not in the honors program the teacher I had was not an inspiring professor and I always have phenomenal teachers but the econ teacher did not teach well. I would love it if classes were not divided by educational status or rankings they should be open for all students to take.	1/30/2020 9:30 PM
4	All the teachers and staff are really nice to student, they don't treat them differently even though I'm a second language learner. They really helped a lot when I don't understand the lessons of the class or assignments.	1/30/2020 8:39 PM
5	The LMC culture	1/30/2020 2:20 PM
6	No, I don't think I will pick 5. All of these are what make your campus great.	1/30/2020 2:08 PM
7	Distance Education is also becoming a strength, but needs continued leadership	1/30/2020 12:51 PM
8	Staying on track with my Ed Plan is challenging due to my registration date in late. When it was time for me to registrar the two classes from my Ed Plan were full. That is including the waitlist, it was full as well. I apply for priority registration, two weeks before my registration and someone called me on the day of my appointed registration and stated, "Oh I see that you registered already. I will disregard your paperwork. On top of this I participate in the DSPS service, my anxiety got triggered with fear of not being able to finish college.	1/30/2020 11:59 AM
9	Strong connections between staff and students. We also have connections with them.	1/30/2020 11:50 AM
10	More online courses!	1/30/2020 10:52 AM
11	Brentwood's location is uncomfortable for students for studying.	1/30/2020 10:10 AM
12	Increased night/weekend classes for working adults	1/28/2020 11:02 PM
13	The staff is really helpful and friendly.	1/28/2020 11:00 PM
14	I honestly believe that Los Medanos has a lot of room for improvement. Unfortunately, I have heard of more bad than good experiences with students who have/are attending Los Medanos. For myself, I have also had more bad experiences than good. I have been fortunate enough to have three intelligent and extraordinary teachers throughout my time as a full time student over the course of two years here at Los Medanos. In addition, Los Medanos needs to create more classes for classes that are impacted (i.e. Microbiology, chemistry, anatomy, etc). The lack of opportunities for people to take classes that they need hinders their ability to succeed. I have to spent an entire extra semester as Los Medanos just because I was unable to get into any of their microbiology courses last semester. Last semester was supposed to be my very last semester at Los Medanos. On a similar note, the counseling department at Los Medanos college needs desperate improvement. They live up to their reputation of screwing students over, never being on time, lacking cohesion with creating student education plans, lack communication within their own department, and being deaf to the concerned and desperate student voices.	1/27/2020 8:23 PM
15	Compared to DVC, LMC lacks many programs/courses. Expansion of courses offered (particularly in STEM) would benefit LMC.	1/27/2020 5:05 PM
16	Is foster parenting what you're calling 'Adult Education ...' since you eliminated Contra Costa Chamber Orchestra, Sat piano for kids/parents, P.E. repeats, ... ?	1/27/2020 4:07 PM
17	I haven't been in class yet, so I don't have much else for opinions here.	1/27/2020 3:17 PM
18	This institution is lacking a student makerspace or workspace for students to utilize and demonstrate their major if it is related to engineering or art.	1/27/2020 3:14 PM
19	I wish there was more variability in courses which can be taken as a transferable class. For example, having a few options to complete the English requirement, etc.	1/27/2020 12:08 PM
20	Unless you ask the faculty about programs, they Will not volunteer any information do not	1/27/2020 10:16 AM
21	Sharon Goldfarb, BethAnn Stone, Debra hawk.. all wonderful women that made my experience at LMC just great. Thank you	1/27/2020 9:50 AM

Los Medanos College SOAR Survey Spring 2020

22	What does "college-going" mean?	1/9/2020 3:23 PM
23	More tenured senior faculty need to be involved in the development of this master plan in order to insure student success.	1/6/2020 2:52 PM
24	Not listed, and the former "most valuable strength" that I would have espoused, is open access. I am saddened that LMC is moving away from open access by mostly eliminating developmental mathematics. New LMC students are being forced to choose either career paths that only require statistics or come to the college with a math preparation approximately equivalent to 1/2 year before college level (or higher). This means that the college is now not helping those students who are not near-college ready for math (a.k.a. developmental) or force them into statistics-based career goals.	12/20/2019 1:38 PM
25	The Faculty at Los Medanos takes great pride to assist their students. A great place to work!	12/20/2019 11:33 AM

Q2 What opportunities would help Los Medanos College achieve greater success over the next five years? (select your top four responses)

Answered: 426 Skipped: 1

ANSWER CHOICES	RESPONSES
Job entry opportunities, such as apprenticeships, internships, and work-based learning programs.	84.51% 360
Partnerships with local non-profit and social service agencies to provide services to students with basic needs, such as food, housing, mental health services, and transportation.	67.37% 287
Programs focused on eliminating achievement gaps for students (e.g., learning communities, peer mentor programs).	60.09% 256
Additional adult education programs that provide students with opportunities for second language learners, or students wishing to develop basic skills or learn a new job skill.	51.88% 221
New academic programs (e.g., wrestling).	33.57% 143
Additional opportunities for high school students to complete college courses ("dual enrollment") while attending high school.	29.81% 127
Additional student life organizations and clubs.	28.64% 122
Total Respondents: 426	

Los Medanos College SOAR Survey Spring 2020

#	YOUR COMMENTS/IDEAS:	DATE
1	Obtaining a degree is great, but for some a vocation is all that is wanted. By expanding the Trade School opportunities to include Apprenticeships and working with the local Industries, we can all have a bright future.	2/4/2020 9:35 AM
2	Build up the athletics department. Build a pool.	1/31/2020 6:56 AM
3	Offering classes in shorter time frames and multiple modalities (hybrid + more "start or restart" opportunities) to support the unpredictable nature of the "gig economy," increased family health, food, and housing insecurity, and the transition to learning how to be a student	1/30/2020 5:59 PM
4	More class opportunities at night time especially BIOSCIENCE classes	1/30/2020 4:41 PM
5	Looking into starting a Paralegal Certificate Program.	1/30/2020 3:19 PM
6	A nutrition major!	1/30/2020 2:52 PM
7	Non-credit classes; more flexible scheduling	1/30/2020 2:28 PM
8	More non-credit and online opportunities	1/30/2020 12:51 PM
9	I think you should offer a culinary arts program.	1/30/2020 12:37 PM
10	Invite Veterans Affairs reps and officers to answer questions for veterans	1/30/2020 12:20 PM
11	Support for re-entry learners and worker.	1/30/2020 11:59 AM
12	Having all class in every subject available in each Semester. Either on campus or online. I noticed not a lot of classes are online which makes it hard for those you have full-time jobs.	1/30/2020 11:02 AM
13	Help for undocumented students would help a lot of people in our community,	1/30/2020 9:36 AM
14	Increase the number of courses that qualify as LMC GE. Currently the number of courses allowed in the LMC GE pattern is very limiting and inequitable for students.	1/30/2020 9:17 AM
15	Student life is hard to come by. There should be more resources to get into clubs, academic programs (e.g. honors, MESA), etc.	1/30/2020 12:03 AM
16	Eliminate Book Costs or remain complacent to Corporate America by enriching them further!	1/29/2020 6:35 PM
17	More night classes	1/29/2020 8:40 AM
18	Night Nursing Programs	1/29/2020 12:21 AM
19	More available core classes. They are always full or waitlist	1/28/2020 6:46 PM
20	How about a sewing class! There are at least 50 people on campus who would take a class like that!	1/28/2020 4:53 PM
21	internship for students with disabilities and word	1/28/2020 8:45 AM
22	Offer a course for older and or younger students that may be interested learning about becoming a family genealogist	1/27/2020 9:50 PM
23	programs for math, intro to science, writing, & reading starting in K, 1, 2, & 3, ..., to bridge learning-opportunity gaps plus programs mixing adults and young so families may attend, give care-givers know-how to fight gaps, and/or provide 'child-care' while parents/adults attend programs.	1/27/2020 4:07 PM
24	A student makerspace that gives students access to manufacturing equipment.	1/27/2020 3:14 PM
25	Make classes with the same class code between 4cd compatible with each other or eliminate cross college compatible courses	1/27/2020 10:47 AM
26	Cosmetology / esthetician/ barber program	1/27/2020 10:38 AM
27	work based programs must be expanded	1/27/2020 10:16 AM
28	More opportunities for students who work full time	1/27/2020 10:13 AM
29	More science classes, more opportunities for students in nursing	1/27/2020 9:35 AM
30	Academic programs including more STEM programs, classes and support for transfer into	1/27/2020 9:08 AM

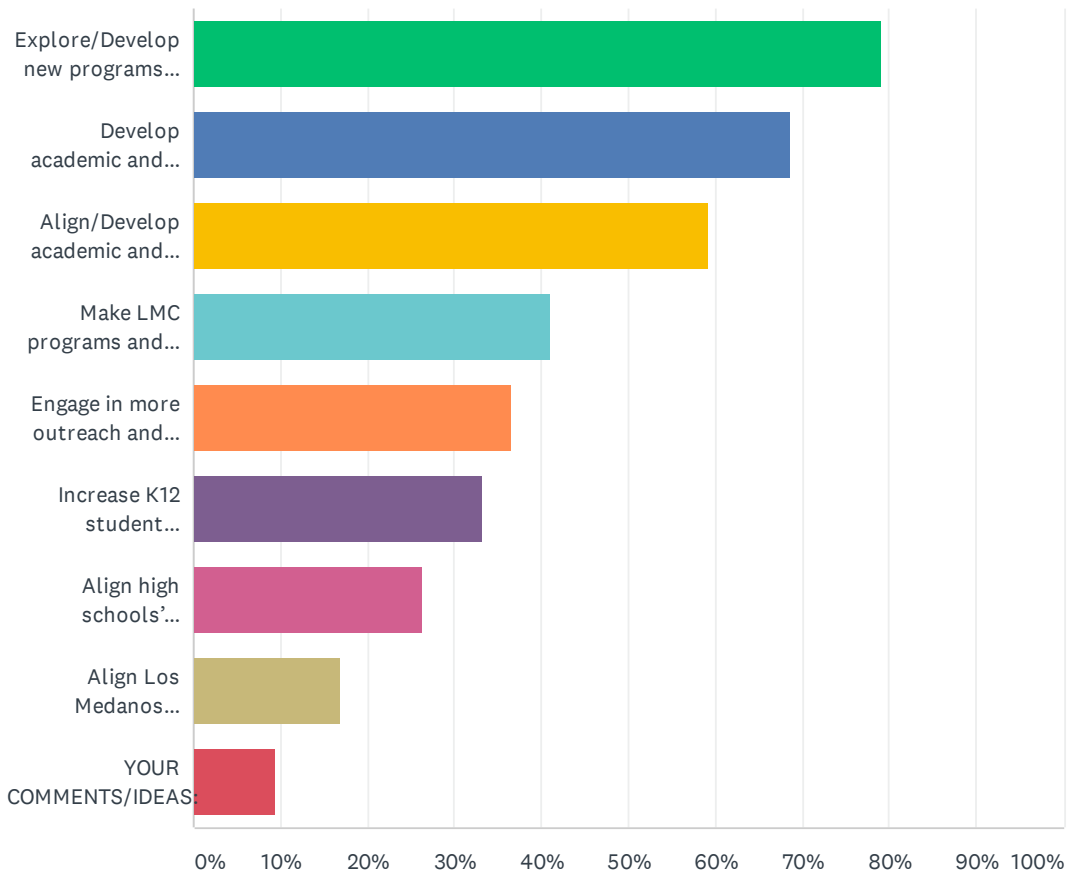

Los Medanos College SOAR Survey Spring 2020

STEM majors and other academic majors.

31	I think that a career center or "job fair"-like resource or facility would be a good idea. Bring the jobs to those who need them.	1/27/2020 8:50 AM
32	Additional short term technical or trade courses (medical assisting, dental assistant, etc.) that's designed for students who do not plan on not transferring to a 4-year university.	1/27/2020 8:22 AM
33	So many of our students are struggling to "make ends meet" in addition to obtaining their education. We need to support them and their challenges in any manner possible.	1/24/2020 3:37 PM
34	I believe academic programs has been confused with sports/ extra curricular activities with the example of wrestling given. This survey option will undoubtedly have an artificially low response rate due to this typo. Academic programs of study including additional ADTs should be a priority.	1/24/2020 2:58 PM
35	first year experience for all students and more equitable class scheduling for all students	1/14/2020 4:40 PM
36	focus on on-line courses - add the cources that traditionally were not offered online (bio-10)	1/14/2020 9:07 AM
37	Add martial arts! Add more services to Brentwood Center!	1/9/2020 3:23 PM
38	Dean of Workforce Devl. should be pounding the pavement to engage employers from all sectors to partner with LMC. This would serve students in HealthCare, Biology, Travel, etc. and not just Fire, PTECH/ETECH programs. By seeking internship opportunities, students will be able to learn and acquire skills as they are in their majors.	1/7/2020 9:57 AM
39	Students must have "basic" opportunities in order to achieve greater success. Faculty actually hosting office hours, Faculty showing up to teach regularly and faculty continue to grow via professional development seminars and conferences.	1/6/2020 2:52 PM
40	Career Tech Education- skilled trade programs utilizing modern technology	1/6/2020 12:10 PM
41	LMC students coud benefit GREATLY if we had a health center on campus.	1/6/2020 12:06 PM
42	partnerships with four year universities and strengthened articulation for additional/stronger transfer pathways	1/6/2020 9:13 AM
43	the need to improve outcomes for students with more innovative approaches to teaching math; too many students are entering LMC with poor math skills and need remediation. They are spending too many years at LMC learning these skills and, as a result, are not completing a degree or certification program	12/21/2019 8:22 AM
44	Wrestling is an academic program?	12/20/2019 8:51 PM
45	In the future, please reconsider your survey design choices. A survey question with "top 4 (unranked) responses" when there are only 7 options will often only provide data that is impossible to make credible conclusions from.	12/20/2019 1:38 PM
46	Also connecting with Faith Based Communities is a great way of building enrollments for Los Medanos College. I wish the college would sponsor a Faith Based Enrollment Drive. Have enrollments counselors (Laptops) to complete enrollments right on the spot. This would increase enrollments by 3,000 - 5,000 in one weekend. Little cost for great productivity. Just an idea. Like CSU Super Sunday!	12/20/2019 11:33 AM

Q3 What should Los Medanos College seek to accomplish or aspire to over the next five years? (select your top four responses)

Answered: 427 Skipped: 0

ANSWER CHOICES	RESPONSES
Explore/Develop new programs in high demand fields (e.g., medical sonography, construction).	79.16% 338
Develop academic and career pathways to meet the growing labor force needs in the region.	68.62% 293
Align/Develop academic and career pathways to meet the transfer to 4-year universities requirements.	59.25% 253
Make LMC programs and resources known to local families (e.g., "parent nights" at local high schools, college "open house," program showcase events).	40.98% 175
Engage in more outreach and college planning for younger high school students (e.g., freshmen, sophomores).	36.53% 156
Increase K12 student awareness of Los Medanos College's programs and services through direct contact and campus visits.	33.26% 142
Align high schools' academies with Los Medanos College's meta majors and guided pathways.	26.46% 113
Align Los Medanos College's courses with local high schools' curriculum.	16.86% 72
YOUR COMMENTS/IDEAS:	9.37% 40
Total Respondents: 427	

Los Medanos College SOAR Survey Spring 2020

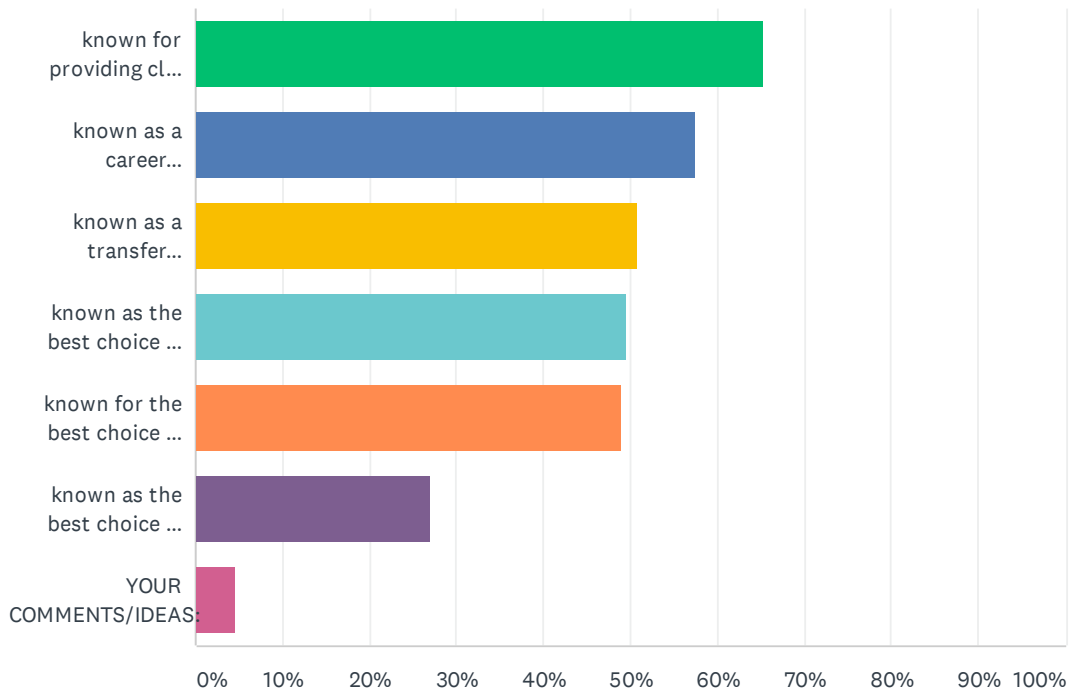

#	YOUR COMMENTS/IDEAS:	DATE
1	LMC's nursing program is so sought after and so hard to get into, why not make an entirely separate and larger, exclusively nursing sister college? You would have no shortage of students and more people would have opportunity to have an education.	2/2/2020 12:50 PM
2	I don't think LMC's primary focus should be outreach; everyone already knows about LMC because everyone knows someone that has attended it. The college should aim to expand programs to include more certifications for the medical field and help better prepare pre med students.	1/31/2020 6:56 AM
3	Expand development and delivery of non-credit courses	1/30/2020 6:22 PM
4	Be part of the industry conversation and skills training for Ai, mechanization, and jobs augmentation. Offer specialized upskilling to support job security in a rapidly changing work landscape	1/30/2020 5:59 PM
5	Engage in more outreach and college planning for not only the younger youth and high school students, but really focus on helping adults. We should absolutely focus on helping the working adults/single-parent and those stuck in low-paying jobs, not careers.	1/30/2020 2:20 PM
6	Also, I'd love if LMC could somehow align their academic calendar to match the K-12 academic calendar in support of students with parents (for example, the week of Spring break should be the first week of April instead of the last week of March).	1/30/2020 2:03 PM
7	more AST	1/30/2020 1:23 PM
8	Offer Bachelors degrees	1/30/2020 1:17 PM
9	There is a gap of transitioning students from High Continuation schools to College. Los Medanos has a Professor that went to Los Medanos from a High School Continuation. The reason was he had a mentor that was interested in his well being. As of September of 2019, he now holds a Doctorate and he is 29 years old. He stated at the college seminar that he failed school due to his family challenge and lack of coping skills.	1/30/2020 11:59 AM
10	It's cool	1/30/2020 10:40 AM
11	Develop opportunities for students to acquire recommendations from instructors for scholarship programs	1/30/2020 10:31 AM
12	Show to high schools that community college is a great choice	1/30/2020 9:36 AM
13	Eliminate Book Costs or remain complacent to Corporate America by enriching them further!	1/29/2020 6:35 PM
14	I think that LMC should "hosts" field trips in which local high school students can see the campus and get a feel for what is offered and what might interest them (while they are still Sophmores/Juniors)	1/28/2020 7:05 PM
15	More core classes. Not all of us who attend LMC are high schoolers some of us are grown adults working towards a second career or furthering our current career	1/28/2020 6:46 PM
16	Have specific programs like the One Up Tech Program for Older Adults not just limited to 18 to 25 years of age	1/28/2020 4:13 PM
17	work with people for jobs on campus with disabilities	1/28/2020 8:45 AM
18	No comment	1/27/2020 6:19 PM
19	I think you should have Field trips for K-12 especially K-8 because that we're there first learning about what they want to be when they grow up. I'm an auntie and my nephew and niece are always asking me about my day at college, who are my teachers, what classes am I taking, do we have breaks, is there a lunch time, do you have P.E, how many hours do you have in a day, why do you not go to school on Monday, Wednesday, and Friday, and a lot more. They also want to visit. I think it would be awesome for them to see a college at a young age.	1/27/2020 5:33 PM
20	I did not attend local high schools, nor am I an educator, so it is difficult to comment on the alignment of LMC with high schools.	1/27/2020 5:05 PM
21	co-ordinate with JUNIOR & high schools to align/develop academic/career pathways permitting OPTIONS to transfer, work in-region, &/or move to fill high-demand-fields' jobs.	1/27/2020 4:07 PM

Los Medanos College SOAR Survey Spring 2020

22	create opportunities to earn you BA/BS during the career program that a student is taking, ie: the nursing program	1/27/2020 3:52 PM
23	Build a makerspace!	1/27/2020 3:14 PM
24	getting more mental health counselors	1/27/2020 2:42 PM
25	Gee, how about a REAL liberal Arts education, including those pesky Arts!	1/27/2020 1:05 PM
26	Develop a cohort based mentor program within departments for their declared majors.	1/27/2020 11:18 AM
27	Must maintain balance of providing educated employees to the region's industries, and provide new knowledge and opportunities not normally found in our region.	1/27/2020 10:16 AM
28	More information on everything for students	1/27/2020 9:25 AM
29	More Online Classes	1/27/2020 9:10 AM
30	we have already completed a lot of work on developing pathways. Now we need to get the word out about what we do here. I do not think we need to spend much more time on pathways. We should always be innovative, but not at the expense of our existing programs.	1/21/2020 12:02 PM
31	Align high school curriculum with Los Medanos College Courses (not the other way around)	1/14/2020 2:12 PM
32	Makerspace - this will help with creating local partnerships with community groups and industry	1/14/2020 9:11 AM
33	There should be a fluid transition from HS to college.	1/12/2020 12:50 PM
34	There should be jobs waiting for our recent grads. Collaborate with industry employers to offer our students entry level positions or year-round internships. This will put LMC on the map and attract more students to our programs.	1/7/2020 9:57 AM
35	Faculty to show up to work when they are supposed to. Faculty to fulfill the contract obligations with committee work, professional development and office hours.	1/6/2020 2:52 PM
36	More variety in course offerings for existing programs	1/6/2020 12:15 PM
37	Increase overall awareness of LMC and what it provides. A marketing and comprehensive outreach plan.	1/2/2020 3:28 PM
38	using new tools to improve program delivery like AI and deep learning	12/29/2019 3:43 PM
39	The "Align LMC courses with local HS curriculum" option is particularly difficult for mathematics. The state HS math curriculum (and NCTM standards) are often in direct contradiction with the UC/CSU math curriculum requirements.	12/20/2019 1:38 PM
40	Market the institution with Ivy League Four Year Colleges; Create a larger network of Public Speakers (Create a Series); Allocate more resources for programs that promote and market the college - Music, Drama, Art, PE. Create Faculty Based Award Ceremonies; Increase more marketing around curricular programs.	12/20/2019 11:33 AM

Q4 What should LMC strive to be known for in the future? (select your top three responses)

Answered: 427 Skipped: 0

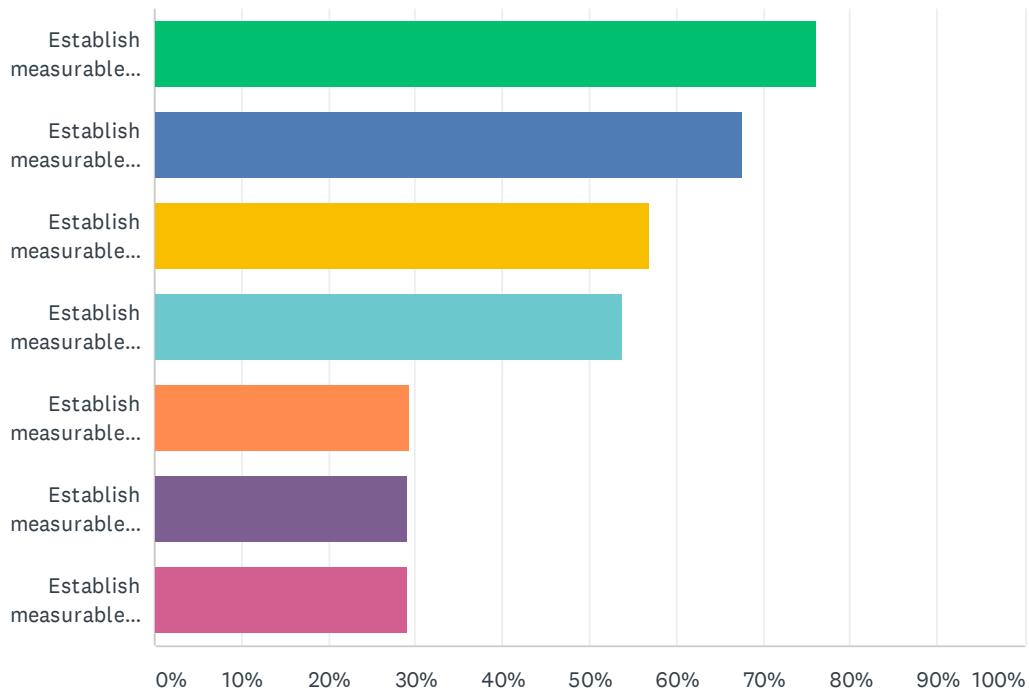

ANSWER CHOICES	RESPONSES	
known for providing clear pathways that help students determine their educational and career futures	65.34%	279
known as a career preparation institution	57.61%	246
known as a transfer institution	50.82%	217
known as the best choice for working adults to pursue degrees and certificates	49.65%	212
known for the best choice for high school graduates to transition to college	48.95%	209
known as the best choice for current high school students to earn college credits	26.93%	115
YOUR COMMENTS/IDEAS:	4.68%	20

Los Medanos College SOAR Survey Spring 2020

#	YOUR COMMENTS/IDEAS:	DATE
1	I define "community college" as an institution that meets the education needs of all adults in the surrounding community.	1/31/2020 6:56 AM
2	Innovation, Opportunity, Achievement	1/30/2020 5:59 PM
3	Offer bachelors degrees	1/30/2020 1:17 PM
4	LMC could certainly be known to do all of the above	1/30/2020 12:51 PM
5	I also think LMC should be able to be considered as a university to pursue bachelors, masters or doctorate ect. Degrees so for students who want to transfer but cant have other options at LMC	1/30/2020 12:37 PM
6	The counselor should improve their knowledge to really can help students.	1/30/2020 10:10 AM
7	Supporting all types of learners in our community	1/30/2020 9:17 AM
8	The Best Community College to have a degree from in the Bay area?	1/29/2020 6:35 PM
9	Treating students with respect	1/28/2020 6:46 PM
10	One of the best Community Colleges that has the highest transfer acceptance rate	1/28/2020 3:14 PM
11	no students lefted behind	1/28/2020 8:45 AM
12	equity, diversity, ... expanding every student's options	1/27/2020 4:07 PM
13	It should be known for its ability to adapt to the job market.	1/27/2020 3:14 PM
14	Again, how about a well-rounded Liberal arts education that creates thinkers and appreciators and innovators and creators?	1/27/2020 1:05 PM
15	pathways to success and ease of success will create a reputation of success and increase enrollment.	1/27/2020 10:16 AM
16	Develop interpersonal skills	1/15/2020 10:05 AM
17	Known as having a great college-like atmosphere, a place for students to gather and form community. Currently, that's not what it is.	1/14/2020 2:12 PM
18	Advertise that LMC is known for 'upscaling' their future. Some people attend LMC to obtain additional knowledge so they can move up in their company.	1/7/2020 9:57 AM
19	High quality education provided by faculty that are always present and fully capable of teaching at the highest level.	1/6/2020 2:52 PM
20	Again, my preference would be open access and support for all students seeking college education.	12/20/2019 1:38 PM

Q5 How should LMC determine if it has achieved its desired outcomes? (select your top four responses)

Answered: 426 Skipped: 1

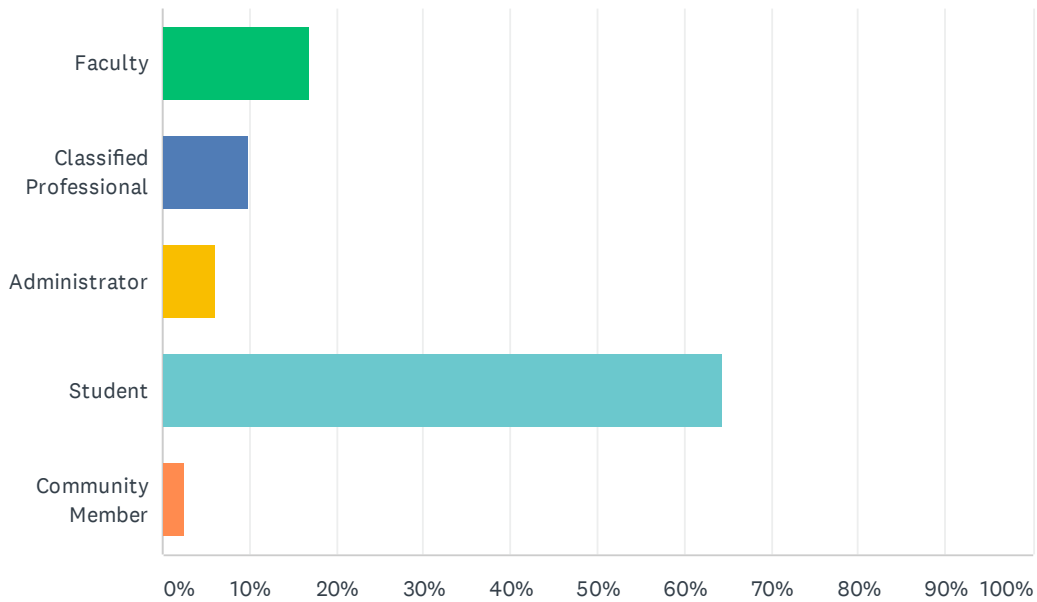

ANSWER CHOICES	RESPONSES
Establish measurable goals for increasing transfer to four-year colleges and universities and completed BA/BS degree attainment.	76.06% 324
Establish measurable goals for graduates regarding their employability and salary earnings.	67.61% 288
Establish measurable goals for regional employers regarding Los Medanos College graduates' employment rates.	56.81% 242
Establish measurable goals for increasing high school students' transitions to Los Medanos College.	53.76% 229
Establish measurable goals for collaborative partnerships between Los Medanos College and local K12 districts.	29.34% 125
Establish measurable goals for increasing high school students' dual enrollment in Los Medanos College courses.	29.11% 124
Establish measurable goals for K12 students and parents regarding their awareness of Los Medanos College's programs and services.	29.11% 124
Total Respondents: 426	

Los Medanos College SOAR Survey Spring 2020

#	YOUR COMMENTS/IDEAS:	DATE
1	The main goal of college is to gain skills to be employed, with a better salary than those who did not attend college or have several years of experience in the field.	1/31/2020 6:56 AM
2	School's evaluation didn't work, how establish can students to measurable their goals and ...	1/30/2020 10:10 AM
3	Align with Vision for Success goals	1/30/2020 9:17 AM
4	Measurable goals for enrollment in dual credit and transition from high school students should come from comparisons between other districts/counties.	1/27/2020 5:05 PM
5	#5 would be part of #4 if employer/site is included; be careful how 'graduates' are defined [e.g., include successful completion of 1 class needed for job/career]; expand #7 to include adults-not-parents; how do you wish to quantify on-line students/graduates?	1/27/2020 4:07 PM
6	Oh My God, it is so obvious what the problem with the constricted and devoid of imagination question design here. Hey Sparky, "not everything that can be counted counts and not everything that counts can be counted"	1/27/2020 1:05 PM
7	Send letters to last known address and ask for relevant information. must be voluntary	1/27/2020 10:16 AM
8	Metric for how many students are taking more that 3 years to reach their educational goal. Or a measurable goal of time taken to complete an AA/AS or transfer.	1/27/2020 9:08 AM
9	Regional employers should include silicon valley	1/22/2020 4:59 PM
10	establish measurable goals between students beginning and completing programs, regardless of their desired outcome	1/21/2020 7:57 PM
11	Actions speak louder than words. Establish partnerships and measure the number of students who were hired into companies or were provided an intership while they attended LMC.	1/7/2020 9:57 AM
12	Evaluation all faculty (tenured and non-tenured) regularly in order to make sure that the quality of their teaching is at the college level.	1/6/2020 2:52 PM
13	Why does the college disregard Ivy League University preparedness	12/21/2019 1:12 PM
14	I understand that the current climate emphasizes measurable goals but please consider that there are important goals that trying to measure just doesn't work. The options in this question connote a business perspective on higher education since they focus on more production, more money. Sure those are fine goals but aren't we more than just a business?	12/20/2019 1:38 PM

Q6 Which constituency group do you belong to for your primary role at/connection to the College? (select one)

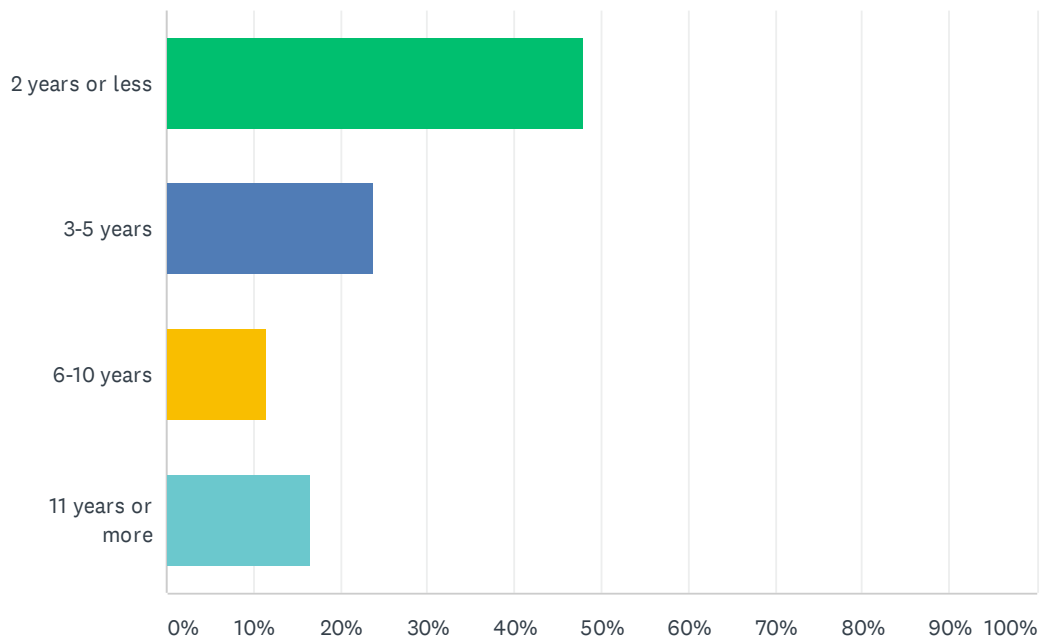

Answered: 425 Skipped: 2

ANSWER CHOICES	RESPONSES	
Faculty	16.94%	72
Classified Professional	9.88%	42
Administrator	6.12%	26
Student	64.47%	274
Community Member	2.59%	11
TOTAL		425
