****NOTE - Please copy and paste the table below in your response and complete accordingly (add extra rows if needed).***

Course Name/ Number	Reason course was not assessed	When course will be assessed	Faculty Responsible for Course Assessment

COOP 160 assessment completed Summer 2019
COOP 170 assessment completed Spring 2021

b. Discuss the results of any CSLO assessments performed this year. What changes, if any, are planned to improve student success (ex. pedagogy, assessment instruments are not appropriate to measure, CSLO rewritten etc.)?

Through assessment of COOP-170 CSLOS, the following improvements have been identified and are being implemented:

1. In Progress, anticipated completion Spring 2022: Create example individual student learning objectives, utilizing the current outlined proficiency criteria as a guide, to “A-level” work as well as “C-level” and provide to all CWEE instructors.
2. Complete, implemented Fall 2021: CWEE instructors are provided professional development on rubric development that support student learning in the workplace where the proficiency criteria is made clear for each specific method of assessment.
3. In Progress, anticipated completion Summer 2022: Create a step by step guide/script for CWEE instructors that focus on maximizing the time during the 1 on 1 visit that will include steps to assist students to write meaningful learning objectives that ensure new learning.
4. Complete, implemented Fall 2021: Incorporate pre-built student communications and announcements in COOP Canvas shell to ensure students are aware of

course expectations.
