Takeaway

Fall 2021
As of 8.18.2021

1. In terms of Modality, in comparison of proportion, it seemed that the % of online enrollment are higher than the % of online sections.
2. F2F has the opposite patterns. The % of F2F enrollment are lower than the % of F2F sections.
3. It seemed that students filled up the online courses higher/faster than Hybrid or F2F.
4. We scheduled thinking that a certain percentage of students were wanting in-person classes (F2F or Hybrid) and the reality is a bit different.
5. Results may vary by disciplines.
