

Spring 2011

STRATEGIC PRIORITIES

A committee of members from SGC and the RP group met to develop strategic priorities for a new strategic plan for the next 3-5 years. Given that the college has the ongoing priorities of fiscal well-being and SLO Assessment, the committee determined the following criteria for the strategic plan priorities:

Criteria:

- Measurable
- Broad (college-wide)
- Data driven
- A readily identifiable need
- Connected to the college goals and mission
- An important need for the near future

Priorities:

- Close the achievement gap
- Increase and accelerate student program completion
- Create a positive atmosphere of Los Medanos College as an institution of higher learning
