LMC's Professional Learning Program strengthens and supports a dynamic learning environment that promotes and enhances personal, professional, and organizational learning for all employees with the goal of STUDENT SUCCESS! PDAC feels privileged to have the support of our district and college for professional development opportunities.

Conference funds provide opportunities for all LMC employees to attend seminars, workshops, and conferences. These activities must be related to the college goals and priorities and PDAC's Professional Learning Outcomes (as stated on the Conference Request Form), as well as job and career enhancement.

PDAC has limited funds each year to support conferences and professional development activities. In addition, funding is available through this application process from sources such as Nexus (for New Faculty), and the Student Equity and Achievement (SEA) program, and district PD funds. Additionally, individual departments or grants may have funds for professional conferences related to that area of work. Discuss these opportunities with your manager (ex. Financial Aid, SACNAS, WAVES Conference). At the end of this document, we have noted additional district resources for professional development.

## **PDAC Conference Funding Levels of Support 2023-24 Academic Year:**

- **Individual Conference:** Employees may be awarded up to \$1,500 per person per academic year (July 1 – June 30). Requests are considered on a first-come first-serve basis.

- **Multiple Attendees:** Unless there is a compelling reason, the maximum allocation provided for any single event/conference is \$2,000. Funds will be allocated on a first-come-first-serve basis.
- **Nexus 2nd-Year Cohort Requests for Professional Development/Conference Funding:** In the second year, you may apply your approved Nexus funding (\$1,000) through this form. If the activity is above \$1,000, PDAC will consider funding up to an additional \$500 to support expenses, for a total cost up to \$1,500.
- **Pedagogy Innovation Project (PIP):** Participants who successfully complete the program will receive a \$1,000 professional development grant, to be spent on conference attendance, materials, and/or other professional development needs in 2024-2025.

Requests are approved based on funds available, benefit to the college community, and alignment with college goals.

Staff participating in funded professional learning activities are required to share the information gathered or learned with the college community. Sharing may be done in a variety of ways, including brief written reports, workshops or presentations, through department or committee meetings, curriculum development, or other ways which you can develop. Upon return from the conference or activity you will be asked to complete a brief survey evaluating your conference experience, indicating how you will share what you learned.

**Note the funding criteria and application process below, allowing necessary time to plan your participation. Conference funding requests must be submitted prior to the conference and within deadlines.**
