

November 5, 2019

Below is a message from Nikki Moultrie, Dean of Career Technical Education and Social Sciences regarding the Appliance Service Technology Program:

*The Appliance Service Technology Program is designated as a "Program in Trouble" and may be discontinued at the end of the 2019-2020 academic year.*

*Students are advised the sequence of courses will be offered to ensure all courses can be completed in two primary terms – fall 2019 and spring 2020. Please contact Counseling with any questions and to explore other viable career education opportunities.*
