

## **LMC Sustainability Committee Minutes**

**Thursday 11/19/2020, 3:00pm**

<https://4cd.zoom.us/j/8527513680>

Present at Meeting:

Jenifer Fay

Russ Holt

Ryan Hiscocks

Frank Ichigaya

3:00pm: Welcome and Introductions

3:05pm: Discuss goals for 2020-2021 and timelines for implementation

Increasing information to the college population about recycling and Sustainability via signage and other means.

- Frank reported that from the period of Summer 2019 to March 2020, much waste was diverted from landfill and compliance with sorting is good. There are still a few problem areas to target.

Increasing bottle filling stations on campus, with Library being next in line.

- We decided to defer installation until people come back to campus

Encourage faculty to expose students to sustainability topics via their course curriculum.

Install “no idle zone” signage in pickup/dropoff area of campus to curtail vehicle emission.

3:30 pm: Action Items

- Jen: Contact President Bob for permission to install No-Idle Zone sign at front dropoff area
- Russ: Review charges for committee when first established, set goals on web page accordingly
- Frank: Get more recycling bin signage for the areas of CC where waste is not sorted correctly
- Ryan: Inquire to Academic Senate about funding for additional bottle filling stations

3:40 pm: Next meeting was planned for Thursday 12/17 at 3pm Pacific Standard Time
