The Transfer Center hosted the 2014 Spring Transfer Day event last month and it was a huge success! The event was held in the outdoor quad where LMC students, staff, and faculty mingled with over 25 colleges and universities! LMC departments, clubs and learning communities were also in attendance. Hundreds of students were able to take advantage of the transfer information and resources available. Overall, it was an amazing day to celebrate LMC’s vibrant transfer culture with beautiful weather, beautiful people, music, and food!

Many, many thanks to everyone who attended, supported the event, and/or encouraged students to get involved.

If you missed the event this year, don’t worry! Transfer Day is a bi-annual event and will return in the Fall 2014 semester! We’ll see you then!
